

Stuck in the house
Got nothing to do
Can't go to eat
Can't go to school

Gotta get out or I'm gonna go crazy
All this time off has gotten me lazy

Covid shut things down all over the place
Everywhere you go you hear about a case
But I just tune it out and keep 6 feet of space

Hopefully one day it'll be better
Because I'm ready to get out and enjoy the weather
So we can all laugh and have fun together
