

Covid 19 gotta stay clean
6 months of quarantine being kinda mean,

I'm home all day on a machine
All I'm doing is staring at a screen,

Summer break went by in a flash
now schools back and I'm feeling overtasked,

There handing out papers way too fast Every
class feels like a year has past,

When I get home I unmask
I wish I could go back into the past,

I feel like a fool, can't breath in the school
I wish this was all just a big April fools,

It doesn't seem fair, I'm as mad as a bear
It feels like COVID is everywhere,

If only I could stop time on a dime
Then I could turn my papers in on time,

but I play it safe
we have faith,

So when it comes for yo
I know you'll be safe from the COVID flu.
